BEFORE YOU BEGIN

Find a little focus

How to play

Find the 24 words listed below each grid. Circle every word when you find it. A word may cross another word.

Read the difficulty label

All puzzles are hard: 24 words in a dense 22 by 22 grid, with horizontal, vertical, diagonal and backward placements.

Vocabulary

Compound terms appear without spaces in both the grid and the word list. Each page has its own focused topic.

Type size

Grid letters are 15 points and word lists are 12 points in both paper formats.

Printing

Choose US Letter or A4 to match your paper. Select 100% or Actual Size. Print puzzle pages alone to save paper; the answer section follows the puzzles.

Answers

Every puzzle has a full-size answer grid. Gray paths mark each complete word while keeping the letters readable.

Permission

Free personal, household, classroom, library and activity-group printing. Keep the publisher credit. Do not redistribute or sell the files.

Free personal / household / classroom use. Do not resell or redistribute files.
