Tree stall

Four shoppers bought different trees at the market. Each completed a purchase in a different time slot.

Use every item and every position exactly once.

1. Orla was exactly two positions before the spruce tree.
2. The fir tree was in the fourth purchase slot.
3. Noah was immediately next to the pine tree.
4. Maya was earlier than the fir tree.
5. The cedar tree was not in the second purchase slot.
